GOES TO THE HAGUE

Venezuelan Difficulty to Be Submitted to Arbitration.

POWERS AND CASTRO AGREE.

Notes From European Nations Involved Suggested This Course.

UNCLE SAM APPROVES THE PLAN.

Monroe Doctrine, It Is Understood, Is Not to Enter Into the Question of Arbitration—Secretary Hay Preparing a Paper Announcing This Government's Attitude—Latest Developments of the Day.

Washington, Dec. 26. — President Roosevelt will not be the arbitrator of the Venezuelan controversy. The whole vexatious subject will be referred for adjudication to The Hague tribunal. Epitomized, this was the situation as it had resolved itself into at the conclusion of the cabinet meeting. The meeting was not so long as the sessions of the cabinet usually are. All the members except Secretary Root were present. The Venezuelan question was the principal and practically the only topic of general concern under consideration. Secretary Hay presented the net results of his cable correspondence with the governments at London, Berlin, Rome and Caracas.

In accordance with the suggestion made several days ago by President Roosevelt, through Secretary Hay, President Castro of Venezuela was reported to have agreed to submit the differences between his government and the European powers to the arbitration of the tribunal at The Hague. The European powers not only consented to submit the controversy to arbitration, but while they had expressed a preference for an arbitration to be conducted by President Roosevelt, they had assented to his suggestion that the matter be referred to The Hague.

The presentation of the case met the hearty approval of the members of the cabinet. No fear is expressed by the administration that the Monroe doctrine will result in an embarrassing situation for the United States. Secretary Hay is preparing a note to the powers in which the gratification of this government is expressed for the course agreed upon by them in settlement of the pending difficulties.

No intimation is given of the conditions which may have been imposed by the European powers or by President Castro precedent to the arbitration. It is known that Great Britain was willing to submit the subject to the arbitration of President Roosevelt practically without conditions, but the suggestion is made that one, and perhaps two, of the other powers involved proposed some conditions which might have proved embarrassing to the president had he undertaken the responsibility of determining the question.

It is understood that some money must be posted, but it is known that the amount of cash to be required of Venezuela before arbitration is not nearly so large as has been stated. It is not possible to learn either whether the allies insist upon apologies from Castro, and, while it is assumed that the blockade will be speedily raised, no arrangements to that end has yet been made. The energies of the negotiators are now being devoted to the framing of what will be known as a condition protocol, and it is hoped that, while this class of document does not undertake to closely define issues to be presented, it will still contain a provision for the removal of the blockade.

Substance of the Notes.

Berlin, Dec. 26.—A semi-official note says: As in the case of the Italian note, the British and German notes on Venezuela presented Dec. 23, declare that if President Roosevelt does not accept the post of arbitrator, the powers would be prepared, subject to certain reservations, to submit the matter to The Hague tribunal.

Miners Did Not Work.

Wilkesbarre, Pa., Dec. 26.—Not 5,000 tons of anthracite coal was mined in this entire region Christmas day. Not more than 35,000 tons were mined Friday, and it will take until Monday for the normal to be mined again. This is because the miners observed Christmas, despite the promises and threats of the operators.

FIREMEN CRUSHED

By Falling Walls During the Progress of a Brooklyn Blaze.

New York, Dec. 26.—In a fire which shot through five factories in the river front district of Brooklyn, at an early hour, three firemen were killed, three were badly injured and more than \$400,000 damage was done. The list of dead: Michael O'Toole, fireman of engine company No. 55, on water tower; Thomas Jeffries, fireman water tower No. 6, crushed out of recognition; Battalion Chief, Thomas Coppinger of Twenty-third battalion, skull fractured, arm and leg broken.

Beginning among the inflammable matter in the coopeage plant of Arbuckle Brothers at Plymouth and Bridge streets, within a half hour the flames were shooting from all the buildings. The coopeage plant of Arbuckle brothers was an old-fashioned 5-story brick building. It was filled with material for making barrels and loose odds and ends of lumber. The killed and injured firemen were buried beneath a falling wall. Fireman Thomas McCarthy is probably fatally hurt.

Foreign Hide Market Cleaned Out.

Vienna, Dec. 26.—The Austrian manufacturers have decided to advance the price of shoes 10 per cent, owing to the higher cost of leather. They claim this step is due to extensive purchases of hides in the European markets by Americans, who have practically cleaned out the continental stocks. The Austrians also profess to see increased danger to the European shoe industry from America, owing to the United States government refunding 99 per cent of the tariff on the raw material when manufactured and exported. They complain that this procedure is greatly facilitated by Secretary Shaw's order admitting proof of identity by simple declaration instead of by affidavit.

Request Refused.

Washington, Dec. 26.—United States Consul General Turner reports to the state department from Ottawa, that the British board of agriculture has refused to relax the New Dominion customs regulation preventing the Canadian Pacific railroad from carrying cattle through to St. John, because its line lies for a short distance in the state of Maine. The request was made in the interest of cheaper and more efficient transportation of Canadian cattle to the British market. Vessels bound from Portland and Boston to British ports are prevented from carrying cattle to St. John and Halifax.

Sing Sing Emulates Ohio.

New York, Dec. 26.—A variety performance was given in Sing Sing prison Christmas day. The prisoners appeared to enjoy the show and indicated their approval by vigorous applauding. As usual extra rations were added to the usual bill of fare in celebration of the day and the prisoners were not required to work. The vaudeville entertainment, which was held in the prison chapel, was given by New York professionals. The program included black face singing and dancing, clay modeling, eccentric Irish comedians and burlesque boxers.

Keel of the Cup Yacht.

New York, Dec. 26.—Latest advices from Bristol, R. I., where the new keel sloop is being built to try issues with the Constitution and Columbia for the defense of the Americas cup, show that extra care is being taken in the plating of the lead keel. Tobin bronze plates have been snugly fitted to the lead and secured to it by hundreds of screws. The edges of the plates fit so snugly that they form an absolutely smooth surface, it is said. The work is regarded the best ever seen on the keel of a cup yacht.

Justice Temple.

San Francisco, Dec. 26.—Associate Justice Jackson Temple of the supreme court of California is dead in this city. He was born in Massachusetts, Aug. 11, 1827. In 1852 he came to California. Besides serving with distinction as judge of the district and superior courts, he was three times elected to the supreme bench. Justice Temple had a beautiful home at Santa Rosa, where his widow and children now reside.

Boxing Day in England.

London, Dec. 26.—"Boxing day" was observed in the customary manner throughout the United Kingdom. In spite of the raw, threatening weather, the open places around the metropolises are well patronized. Many of the suburban and provincial theaters began the performances of their Christmas pantomimes. "Buffalo Bill's" wild west show opened here and was accorded an enthusiastic reception.

Relief For Earthquake Sufferers.

St. Petersburg, Dec. 26.—The Red Cross society is sending representatives to Andijan to organize relief for the earthquake sufferers and has contributed \$17,500 to the relief fund.

TRAFFIC IS IMPEDED.

Heavy Fall of Snow Throughout the Lower Lake Region.

ALL TRAIN SERVICE IS DELAYED.

West and South in the Throes of the Blizzard, Very Low Temperatures Being Recorded. Victims of the Cold.

Cleveland, Dec. 26.—Snow has been falling for over 48 hours throughout the lower lake region. A high northwest gale has caused the snow to drift badly in places along the railway lines running into this city, with the result that much trouble is experienced in maintaining schedule time. Along the Lake Shore road in the vicinity of Laporte, Ind., a foot of snow is reported to have fallen on the level, while huge drifts are constantly piling up on the tracks. The Big Four, Erie, Nickel Plate and Baltimore and Ohio lines all report more or less delay to train service as a result of the storm. On the urban and interurban electric roads snow plows are being run at short intervals in order to keep cars moving.

Cold in the South.

Louisville, Dec. 26.—The coldest weather of the winter is reported from many places south of the Ohio river. The temperatures reported to the weather bureau range from 6 degrees above at Evansville, Ind., to 44 at Galveston and 48 at Corpus Christie, Texas. Some of the temperatures reported are: Louisville 9, which is 21 degrees below normal; Asheville, N. C., 12; Nashville, 13; Chattanooga, 16; Memphis, 18; Little Rock, 22; Birmingham, 19.

Eight Below.

Lincoln, Neb., Dec. 26.—The coldest weather for the winter is experienced in Lincoln. The thermometer registered 8 below. Over the state, and especially in the central portion. It was not so cold by two or three degrees. There is no wind and the cold is moderating.

Coldest of the Season.

St. Paul, Dec. 26.—With the mercury at 19 below, the Twin Cities are experiencing the coldest weather of the present winter. Similar reports are received from all over the northwest, but slightly warmer is promised.

Dropped to Zero.

Kansas City, Dec. 26.—The temperature dropped to zero, making this the coldest day of the season. A raw, biting wind prevails.

Quite Cool.

Sioux City, Ia., Dec. 26.—This section is in the grip of a very cold wave. It is 15 below zero.

Goes to Another Road.

Denver, Dec. 26.—J. M. Herbert, who has resigned as manager of the Denver and Rio Grande, will become, on Jan. 1, vice president and general manager of the Colorado and Southern railroad and vice president of the Fort Worth and Denver. He will be in charge of the operation of the entire system from Denver to Fort Worth, and will make his headquarters in Denver. This announcement was authorized by Frank Trumbull, president of the Colorado and Southern and Fort Worth.

Quiet on the Isthmus.

Washington, Dec. 26.—Commander Culver, commanding the gunboat Bancroft, telegraphed the navy department a few days ago from Colon that affairs were quiet on the isthmus and that there was no necessity for the presence of the American warship in that vicinity. In view of this report, Commander Culver was authorized to proceed with the Bancroft to Kingston, Jamaica, and thence to San Juan, Porto Rico, which is the regular station of the Bancroft. The vessel left Colon on the 24th.

Railway Election.

New York, Dec. 26.—R. R. Cable, for many years chairman of the Rock Island board of directors, has resigned that position and been elected chairman of the executive committee. D. G. Reid has been elected chairman of the board of directors. Mr. Cable has long desired to lighten his work, and the change was made at his request. He is now 70 years old.

Professor D. H. Stubblebine, a famous band leader, formerly of Dayton, O., is dead at Binghamton, N. Y. Mildred Hanover, 3, was accidentally shot and probably fatally wounded at her home, Center Village, O., near Columbus.

Edward Adams, 22, was shot and killed by George Bean at Frankfort, Ky., as the result of a quarrel over testimony Bean had given in the police court against Adams.

CABLE TO HAWAII.

Honolulu Practically in Communication With San Francisco.

San Francisco, Dec. 26.—The following telegram has been received from the cable ship Silvertown: "About to buoy the cable off the island of Oahu, in about 450 fathoms of water. Up to this time 2,236 nautical miles of cable have been laid out." The shore end of the cable, which is of a more heavier type than the sea cable, will be spliced to the sea cable soon off Diamond Head, which is to be the landing place of the San Francisco-Honolulu cable. Until the splice is completed, no further word will be received from the cable ship. It may take a day or two to complete the work. The despatch with which the work is finished and Honolulu placed in cable communication with San Francisco and the rest of the world depends largely upon the weather conditions.

COLLIERIES IDLE.

Miners' Custom to Celebrate Christmas and the Day Succeeding.

Philadelphia, Dec. 26.—A report from the mining region is to the effect that 20 Philadelphia and Reading collieries and two washeries are idle because of the failure of the men to return to work after the Christmas holiday and 10 collieries and four washeries are working short handed. Five collieries are also closed down because of high water. It is the miners' custom to take Christmas and the day succeeding for a brief celebration, but the Philadelphia and Reading Coal and Iron company had hoped that the men would return to work because of the coal shortage.

Missing Man Found Dead.

Silver Cliff, Colo., Dec. 26.—Joseph Hariton, an old prospector, missing for the past three weeks, has been found dead within 300 yards of his cabin near Ilse. The body was frozen stiff and gnawed and eaten by the coyotes and magpies beyond recognition and was identified only by his clothing. Hariton was a Confederate soldier, and it is said he was at one time mayor of Atlanta. It is supposed that he perished in a storm in an attempt to seek shelter and food.

Barbarous Lynching.

Pittsburg, Kan., Dec. 26.—Montgomery Godfrey, colored, was lynched by a mob here. The lynchers charged that Godfrey had deliberately murdered Policeman Milton Hinkle at a negro dance. The negro suspect was dragged from jail and hanged from a telegraph pole. The rope broke and one of the mob severed the negro's jugular with a clasp knife. The expiring victim then was hoisted a second time.

Brace of Accidents.

Columbus, O., Dec. 26.—Charles Andricks, a laborer, suffered the loss of both lower limbs under the wheels of a Fourth street motor car, and is now at the Protestant hospital. Austin Tierney, 19, a railroad worker, was probably fatally injured in attempting to couple a locomotive to freight cars. He was caught between the bumpers and his stomach and bowels were crushed. He is now at Mt. Carmel hospital.

Stores Destroyed by Fire.

Bellaire, O., Dec. 26.—A \$20,000 fire threatened for a while to destroy a whole business block of the town, and the following stores were completely burned up: William Dorer, jewelry; Harry Shaefer, confectionery; William Heil, grocery and meat market; William Baker, photograph gallery. The buildings are partly insured.

Steamer Icebound.

Toledo, O., Dec. 26.—The tug American Eagle, acting as an ice breaker, has failed to get to the steamer A. L. Hopkins, lumber laden, which is ashore and ice bound off this port in Lake Erie. The crew of the Hopkins, 14 in number, is thought to be safe. Another effort will be made to get the Hopkins off and into the harbor.

Count Tolstoi's Request.

St. Petersburg, Dec. 26.—Count Tolstoi has sent a personal appeal to the press asking the papers, in view of his advanced age and illness, not to publish any further reports of his condition as they cause him pain.

Suit Against Morgan Dismissed.

New York, Dec. 26.—The suit against J. P. Morgan, brought by Harry Nevelson, for the alleged failure of the financier to provide heat in an apartment leased by Nevelson, has been settled out of court. Mr. Morgan's agents promised that there would be an ample supply of coal in the apartment house.

Fuel Scarce.

Des Moines, Ia., Dec. 26.—The cold weather record of the season was broken, when the official report showed seven below. This is the coldest day of the year. A high wind has prevailed and much suffering has been reported owing to the extra scarcity of fuel.

STRUCK BY A TRAIN.

Four Workmen Mangled While Track Walking in New Jersey.

THREE OF THE VICTIMS OHIOANS.

Fast Express On the Big Four Road Derailed at a Buckeye State Crossing, Casualties Resulting. Railway Accidents.

Ridgewood, N. J., Dec. 26.—One man was killed and three injured, one probably fatally, on the Erie railroad tracks here. The man killed was Edward Martin, who was employed by H. B. Strong and Company of Cleveland, O., a firm doing construction work for the railroad company here. His home was in Berea, Ohio. He was about 30 years old. The injured: Henry Naholic, 30, of Berea, O., skull fractured; Stencil Stanislauski, 29, of Berea, O., injured about the face and body; William Shields, 28, of Undercliff, N. J., back injured. The four men were walking on the westbound track. They failed to notice the approach of a passenger train and were struck.

Train Derailed.

Edison, O., Dec. 26.—The eastbound Cincinnati and Eastern express on the Big Four was derailed at the crossing of the Toledo and Ohio Central road here while running at a high rate of speed. The accident resulted from a misunderstanding of signals, the passenger train going off the track at a derailing switch. One of the two engines attached to the train were totally wrecked. Engineer Stump and Brakemen Reed and Lampkin all received slight injuries. No passengers were hurt.

Morgan's Servants Remembered.

New York, Dec. 26.—J. P. Morgan and his family for their Christmas celebration have a brilliantly lighted tree in one of the conservatories of their home. The electric lighting device is said to have been Mrs. Morgan's idea. The tree was completely laden, some of the gifts being of great value. After dinner the servants filed into the doorway, where they were received by Mr. and Mrs. Morgan. As their names were called, they stepped to the tree where they received envelopes containing crisp new bills to the amount of one month's wages from Mr. Morgan. Mrs. Morgan and her daughters also had a gift for each of them.

Boy "Santa" Burned to Death.

Hamilton, O., Dec. 26.—Forest Gale, the 15-year-old son of Mr. and Mrs. Benjamin Gale, was burned to death in the presence of a crowd of people, mostly poor children, while playing Santa Claus at the Salvation Army hall. The army had arranged a Christmas tree for the children of the poor, and had an elaborately decorated evergreen in their hall. Young Gale was picking gifts from the tree and distributing them. He was dressed in cotton rolls, and wore a long beard of cotton. While he was dancing around the tree his clothing ignited from a candle. The fire ran into his cotton beard and he inhaled the flames.

Fist Cut by Antagonist's Teeth.

New York, Dec. 26.—Anton Anderson is dead in a hospital here as the result of a fight in the course of which he struck his opponent in the mouth. Anderson's knuckles were cut by the blow against the teeth and the next day his hand puffed up and a surgeon whom he consulted informed him he was suffering from blood poisoning, and amputation of the hand would be necessary. Anderson would not permit the amputation to be performed, and the poison spread to his arm and then to his body. Eventually the hand was taken off, but too late to save the patient's life.

Funeral of Dr. Temple.

London, Dec. 26.—The remains of Dr. Temple, the archbishop of Canterbury, were removed from the archiepiscopal palace at Lambeth to Canterbury for interment there. There was no display. The body was taken to the railroad station by a simple pair of hearse horses, followed by two carriages containing relatives of the deceased. A chorus sang an anthem at the station as the coffin was placed on board the train.

Not on Fire.

Bremen, Dec. 26.—The British steamer Straits of Dover, from Savannah has arrived here. The report that she was on fire Dec. 22 when passing the Lizard, was erroneous.

Woman Killed Herself.

St. Louis, Dec. 26.—Mrs. Ella Sweetland killed herself by shooting. She had expressed a fear of paralysis, and it is believed brooding over this prompted the deed.

BRYAN's Commoner very truthfully remarks that "one way to build up the Democratic party is for Democrats to give hearty support to the local Democratic newspapers that have loyally stood by Democratic principles as enunciated in national platforms. A strong and well supported Democratic press will be an invaluable factor in the campaigns to be waged in the future for true Democracy."

WHILE the administration organs are pointing to the Pennsylvania's recent increase of 10 per cent. to employees as a sign of prosperity, let them also recall, says Bryan's Commoner, that in 1886 the Pennsylvania cut wages 20 per cent. and promised to restore them when times became better. Is it possible that "Roosevelt prosperity" is only 50 per cent. better than "Democratic hard times?"

ANOTHER bank wrecker has been turned loose by the President, Gideon W. Marsh, of Philadelphia, being the individual this time. Attorney General Knox recommended the pardon, of course, and in doing so advanced a new and remarkable reason for Executive clemency. Mr. Knox recommended the pardon on several grounds, but "particularly the seven years of punishment borne by the petitioner while he was a fugitive from justice."

Marsh's sentence was for twelve years and three months. He served five years. If the period which he spent in eluding detectives on two continents is to be regarded as constituting the rest of his term, may it not be assumed, inquires the New York World, that by remaining away five years longer he would have been justly excused from all prison service? And had his exile exceeded twelve years and a quarter, would he not have been equitably entitled to compensation for his surplus sufferings? Other unfaithful bank officials, municipal "boodlers" and the guilty generally who seek refuge in flight will be pleased to have it definitely established that, as Attorney General Knox suggested, years spent in involuntary exile dodging detectives and eluding extradition are to be counted as commutations of sentence. Those distinguished "emigrants" who have been away for a longer term than can be put upon them under the law may then come home with a rush.

The Christmas tree and treat at the Christian Church last evening attracted a large crowd. After a few songs and recitations, Santa Claus appeared on the scene and distributed the presents,—285 in number. The tree was a large and very beautiful one, occupying the center of the pulpit platform.

If you want to purchase the purest and best goods on earth go to G. W. Acting under a recent decision of the Appellate Court, Auditor Coulter has caused suits to be filed against five railroad corporations to recover organization taxes amounting to \$198,780. These roads are foreign corporations, which, under the court's decision, have become home corporations by accepting the provisions of the Kentucky statutes and Constitution.

The AFTERMATH

The purse may be pretty flat after Christmas but it will pay you to look around in the corners and find enough money to profit by this distribution of bargains.

FURS.

To those whose choice of a Christmas gift was left to their own selection, or who have waited until after the holiday rush for more leisurely examination and deliberate buying our fur collection offers a wide and attractive field. Some indication of its scope.

WOMEN'S WRAPS.

The passing of Christmas severs the bonds that hold together our gathering of handsome wraps. So far into the season, by frequent re-orders we have kept it unbroken in assortment and sizes. But now it is time to clear the deck therefore sharp uncompromising reductions are the order of the day. We now announce what many women have waited for—have deferred buying to benefit by—our entire collection of Women's Coats at bargain prices. This includes Box Coats, Monte Carlos, Norfolk, Semi-fitting Coats and Capes. All this season's styles, best materials, popular colors and black, now reduced for the first time. Where so many Coats are grouped together detailed description is impossible, but this is the way the new prices run:

Box Coats	\$3.75 from \$6 50 and \$7 50.
Monte Carlos	\$5 from \$7 50 and \$8 50.
Norfolks	\$5 from \$8 50 and \$9.

Davis, of Versailles, and Mr. Val P. Collins and Mr. F. J. Michel, of Louisville.

The gigantic spread at the Soldiers' Home, Dayton, O., tendered to 4,950 veterans Christmas Day probably had no equal anywhere in the world. More than two tons of dressed turkeys were required to feed the soldiers, 600 pounds of cranberries, 150 gallons of oysters, many barrels of sweet potatoes, thousands of loaves of bread, 1,260 mince pies, 450 gallons of coffee, 5,000 oranges, twelve barrels of Irish potatoes and corresponding quantities of other seasonable edibles.

Dr. E. Deimert has been among the scholars of Europe who accepted evolution. He has now written a pamphlet of eighty-three pages in which he gives the views of great men who have never received Darwinism and adds: "The bulk of modern scientists no longer recognize it, and those who have not yet discarded it at any rate regard it as of subordinate importance. In place of this, older views have again come into acceptance, which do not deny development, but maintain that this was not a purely mechanical process."

As We Start Upon 1903.

At the advent of a new year we wish to extend to our friends the compliments of the season, and to express our appreciation of the favor shown us by the people of this community.

To old customers, to new ones, and to those we hope to serve during the coming year, we extend best wishes for a New Year of happiness and prosperity.

The year's business just closed has been very satisfactory, and we fully appreciate the public confidence and good will which contributed to this result. We thank you for the patronage extended and hope to merit its continuance during the coming year.

AN OLD CITIZEN GONE.

Death Claimed the Venerable John McNamara, of Germantown, Friday. Funeral Sunday Morning.

Mr. John McNamara, one of Germantown's old and respected citizens, died Friday at 10 a. m. He fell about ten days ago breaking one of his hips and sustaining injuries that hastened the end. Mr. McNamara was eighty-two years of age and leaves two sons,—Timothy, of Brooksville, and Lawrence, of Germantown, and one daughter, Mrs. T. A. Coughlin, of Germantown. The funeral will take place Sunday morning at 10 o'clock at the home, after which the remains will be brought to Washington for interment.

River News.

Pittsburg coal shippers have had a fine stage most of this month. The Gould up to-night for Portsmouth and Queen City for Pittsburg. The new towboat just about completed at Sistersville for White Bros., of that place, has been named Helen White, in honor of the mother of the owners. The old Dick Fulton, dismantled some time ago, has been converted into a shanty boat, and is located at Pittsburg. The Fulton did good service in her day. The steamer J. B. Finley is equipped with a new wrinkle. It is a notification card attached to the hog-chain braces on the roof, and is a good thing. A wheel is placed on the baces, and from it a set of wires is run to the stern and attached to the journal of the boat's wheel. This enables the pilot to tell whether the wheel is going ahead or backing.

FELL DEAD.

Sudden Demise of Mr. George Atherton, a Former Maysvillian, at His Home in Cincinnati.

The Times-Star says Mr. George Atherton, of 910 Laurel street, died under peculiar circumstances Christmas night, as he and his wife were about to enter their home.

They had been visiting at Newport during the day, and reached home about 9 o'clock in the evening. Just as Mr. Atherton had inserted the key into the door, he collapsed. A physician was called, and found that he had died of heart trouble.

Mr. Atherton was sixty-eight years of age and a carriage trimmer. He formerly resided in Maysville and was a member of the firm of Burrows & Atherton, long engaged in carriage and buggy manufacturing here. He was a brother of Mrs. Jane Burrows, of Forest avenue, and leaves a number of other relatives in this city. His wife survives, with two sons and two daughters. Mr. Atherton was a man of exemplary character, and his many friends in Maysville learned with sorrow of his death.

FRAUD ALLEGED

In the Sale of An Oil Well in Lewis County.
Mayor Stein Sues to Recover
\$4,200.

[Batavia (O.) Sun.]

A petition in what promises to be an interesting case was filed in the Common Pleas Court.

A. J. Stein, of Vanceburg, Ky., seeks to recover the sum of \$4,200 from B. A. Bonneville, et al., alleging the same to be due him because of fraud and misrepresentation in the sale of an oil well.

Plaintiff alleges in substance that B. A. Bonneville was a partner with him in an oil well enterprise in Lewis County, Ky., and that in furtherance of a conspiracy to defraud him, said defendant procured a barrel of crude oil from another field, with which he "salted" the well which they were putting down, and falsely represented to plaintiff that oil had been struck, and that it was a valuable property, and that he was offered by another person \$8,000 for the same; that others in the conspiracy professed to be willing to pay that price for the well, and that by reason of such false and fraudulent representations plaintiff was induced to pay Bonneville \$4,200 for his interest in the same.

It is further alleged that the defendant procured the money realized from this transaction to be deposited in the First National Bank of New Richmond, which is, therefore, made a party defendant to the suit.

Mr. Bonneville has not as yet filed an answer, and, therefore, his side of the matter cannot now be given. Samuel J. Pugh, of Vanceburg, Ky., and Davis & Woodlief appear as attorneys for the plaintiff.

The Christmas tree at the Christian Church Wednesday afternoon was a brilliant success in every detail. Owing to the untiring energy of the pastor, Rev. Joseph Severance, Misses Myra Myall, Mary Finch and other Sunday school workers, the evening passed off without a "hitch" or accident, and was much enjoyed by all. The immense tree, laden with numerous gifts and dainty decorations, delighted both old and young, and truly represented a beautiful picture with myriads of tiny candles, &c., showing where fairy fingers had been at work. Mr. H. C. Hawkins made an ideal Santa Claus and kept the audience amused by his merry sallies of wit and grotesque appearance. Several of the wee juniors assisted in the evening's entertainment with recitations and songs which were much appreciated.
